</tbody>
</table>

**Who submits the data?**
- Nebraska Pharmacies
- Mail-Service Pharmacies
- Remote Dispensing Pharmacies
- Other Dispensers (e.g. Dispensing physicians, Veterinarians)

**Who submits the data?**
- PDMP collects all dispensed prescription drug information for Nebraska
  - Data is stored in a secure database and encrypted
  - Data is stored by dispensing record not by patient, prescriber or pharmacy
  - Data in the PDMP is to be used by eligible credentialed health care professionals for treatment purposes and patient safety

**Who Can Use Data for Treatment Purposes?**
- Physicians / Nurses / Other credentialed health care professionals*
- Pharmacists / Designated licensed pharmacy staff*
- Dentists
- Other Dispensers (e.g. Dispensing physicians)

**How to Register for Access:**
- Complete the mandatory training and Access Form found at: PDMP Registration Process

*Individuals credentialed under the Uniform Credentialing Act

---

*Mandated by Neb. Rev. Stat. §71-2454

---
